ABOUT ME

Software Developer with a focus on building fast, scalable, performant and responsive web applications using modern technologies. Whether it's front-end or back-end, I'm always up for a new challenge. Beyond coding, I'm deeply passionate about fitness and have a genuine love for exploring new tech.

EXPERIENCE

EastLancers — Full-Stack Developer (Remote)

Full-Stack Developer (Apr 2024 – June 2025)

- Developed full-stack web apps with Next.js, Node.js, and Express.js, featuring real-time data and scalable architecture.
- Built API integrations and handled backend logic, authentication, and database tasks using MongoDB and Prisma.

Front-End Developer (Jan 2024 – Apr 2024)

- Built clean, responsive UI components with React and Tailwind CSS, focusing on reusability and performance.
- Enhanced user experience by adding smooth transitions, animations, and interactive states using Motion and Tailwind.
